## **Building a Stronger, More Accountable Legislature for Legislative District 29**

The recently released report of substantiated instances of intimidation, undermining behavior, and racial insensitivity committed by Representative Morgan are utterly unacceptable and do not represent the values of Legislative District 29. Representative Morgan's conduct is a deeply troubling reminder of the work we still have to do to build a Legislature that truly serves the people. This type of behavior, as substantiated in the lengthy report, has no place in our district, our state, or our representatives.

As your candidate, I am committed to being a strong advocate for accountability, transparency, and ethical leadership in our Legislature. We deserve representatives who are fully accountable to the people they serve and who are guided by a deep sense of responsibility to our community. That is the kind of accountable and transparent leadership that forms the ethos of my campaign, and I pledge to bring those same values to Legislative District 29.

By instituting strong oversight measures, regularly seeking public input, and maintaining open lines of communication, we can build a Legislature that is more responsive to our needs and more effective in addressing the challenges we face. This is why our campaign is so powerful because it captures the best of what we have to offer. Together, we have the power to create a stronger, more accountable government that works for all of us in Legislative District 29.

This is a moment to reflect on what we value in our district and an opportunity to build a better future that is grounded in respect, collaboration, and service to others.

###

ABOUT: Richard Miller is a father, small business owner, and person of color running for Legislative District 29 House Position 1. As a realtor, he has witnessed the housing crisis firsthand and as a parent, he understands the importance of well-resourced schools. Miller aims to bring the community together to address issues like affordable housing, education, and public safety.
